## ONE COLLECTION WINDOWS & DOORS

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our uPVC Flush, Ovolo and Chamfered windows and doors strike the perfect balance between energy efficiency, security and design.

SO WHICH IS THE RIGHT FIT FOR YOUR HOME?

# F

### FLUSH SASH

Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

# O

### OVOLO SASH

Ovolo sash windows feature a rounded finish and outward opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

# C

### CHAMFERED SASH

The Chamfered sash has a straight edge finish and outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

# one collection

## STYLE

One Collection windows and doors combine the elegance and styling of traditional timber windows with all the benefits of uPVC. They are virtually maintenance free, keeping the warmth in and unwelcome visitors out.

The collection is ideal for period properties and for those who want to add or restore character to their homes. With unique, unrivalled aesthetics and sympathetic symmetrical design, a One Collection window or door will give your home perfect balance and harmony.

## SECURITY

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position and also helps to achieve enhanced security accreditation PAS 24, a British Standard all of our One Collection products have achieved. Furthermore, all One Collection windows and doors can carry the Secured By Design badge of approval. Secured By Design is the national UK crime prevention initiative, which helps protect you and your property for complete peace of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multipoint locking systems.

To provide enhanced resistance to forced entry, our windows can be fitted with a hinge protector device between the frame and the sash opener. For doors the latest anti-bump, anti-snap, key locking cylinders can also be installed to further enhance performance.

# What makes our windows so unique?

## PERFORMANCE

To keep out the wind and rain, we use our patented high performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

The Flush sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

## CONSERVATION

Flush and Ovolo sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

One Collection windows & doors have been designed with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic woodgrain finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning or conservation officer before proceeding with an installation.

## ONE COLLECTION WINDOWS & DOORS

### FLUSH SASH WINDOW

Designed to replicate the appearance of timber, Flush sash windows are distinguished by sashes that close into the frame and finish flush with the face of the window. Flush sash windows typically have frames that appear the same width, known as 'equal sightlines'. This look is achieved using dummy sashes, something that undoubtedly improves the overall appearance of your property.

## ONE COLLECTION WINDOWS & DOORS

### OVOLO & CHAMFERED SASH WINDOW

Ovolo and Chamfered sash windows feature outward opening sashes which stand proud of the face of the window frame and are the more typical style used in homes you see today. For that period property look, both Ovolo and Chamfered sash windows can also feature a dummy sash. This simple but effective upgrade to achieve 'equal sightlines' can really enhance the beauty of your home. See Page 42.

The addition of a Decorative Horn detail can recreate the look of a traditional box sash, but with modern acoustic and weather performance.

The One Collection Ovolo Decorative Horn is ideal for those who wish to maintain a traditional finish.

Its authentic 'run-through' style enhances the window, creating a finishing touch that's almost seamless.

Despite its intricate design, the unique two part moulding is very robust, borrowing its core design from our tried and tested Flush sash mechanical joint.

Available from stock in all the One Collection Ovolo colours as pre-prepared carefully assembled kits, the new Decorative Horn completes the One Collection range.
